Michael W. Hodin, CEO, Global Coalition on Aging (roundtable moderator)

9.10 – 9.45

Ageing Demographic Landscape Across China

As China begins to see dramatic population ageing, what are the policy strategies addressing these changes?

Peng Du, Director, Institute of Gerontology, Renmin University of China
Ageing and China's 13th Five-year Plan

Changmei He, Vice Director, Program Development Department, China National Committee on Ageing (CNCA)
Policy approaches to China's rapidly ageing population

PATH TO HEALTHY AND ACTIVE AGEING

THE CONNECTION BETWEEN FUNCTIONAL ABILITY AND ECONOMIC GROWTH

9.45 – 10.45

Goals and Global Lessons for 21st Century Active and Healthy Ageing Strategies

What should be the goals of the public and private sectors to address ageing, and how can they work in collaboration to achieve sustainable systems that ensure quality of life as we age?

Thought Starters:

John Beard, Director, Department of Ageing and Life Course, World Health Organization (*video*)

WHO Ageing and Health Strategy (Michael Hodin)
Imperative of maintaining functional ability and priority areas for action

Ian Philp, Deputy Medical Director for Older People, Heart of England NHS Foundation Trust, Founder, EASYCare Project
Assessing needs of older people and identifying areas of highest impact utilizing data from around the world

10.45 – 11.00

Break

11.00 – 12.15

Healthy Ageing: NCDs and Beyond

We'll explore the implications of non-communicable diseases and other conditions of ageing to uncover how these areas of health contribute to functional ability.

Thought Starters:

Teruko Fujii, Senior Director, SHIELD-APAC, Global Ambassador, Nestlé Skin Health
Skin health as a window into physical, psychological and social wellbeing

Ninie Wang, Founder and Chief Executive Officer, Pinetree Care Group
Standardizing services to help the ageing population regain and maintain functional capacity

PATH TO HEALTHY AND ACTIVE AGEING

THE CONNECTION BETWEEN FUNCTIONAL ABILITY AND ECONOMIC GROWTH

Xuejin Zuo, Research Professor, Shanghai Academy of Social Sciences, President, Shanghai Association of Gerontology
Preventive care: Motivating and incentivizing health care providers

12.15 – 13.15

Lunch Break

13.15 – 14.30

Developing the Silver Economy in China and Globally

Staying healthy and active will enable older workers, drive job creation, build wealth, and fuel the economy. What are the global and regional strategies leading to results?

Thought Starters:

Toshio Miyata, Executive Director, Health and Global Policy Institute

Policies, technology adoption and lessons learned from Japan

Chris Alford, Lead Entrepreneur, Home Instead Senior Care

Mass entrepreneurialism and jobs: franchising caregiving in China

14.30 – 15.45

Role of Technology in Enabling Best Care and Healthy Ageing

The emergence of new technologies to connect, monitor and predict holds enormous potential for healthy ageing and therefore economic growth. What are the opportunities for China's growing ageing population?

Thought Starters:

Bill Chen, Vice President & General Manager, Greater China, Healthcare Informatics, Solutions & Services, Philips Healthcare
Home monitoring and other tools for "ageing in place"

Alan Gilbert, Director, Global Government & NGO Strategy, healthymagination, GE

The healthcare ecosystem: Connecting and providing solutions for the silver society

PATH TO HEALTHY AND ACTIVE AGEING

THE CONNECTION BETWEEN FUNCTIONAL ABILITY AND ECONOMIC GROWTH
